

Last year, MBC participated in the Dunn United Ministerial Assoc. (DUMA) Big Thanks Give.

This food drive is in its 6th year and continues to meet the desperate needs of those experiencing hunger insecurities.

With continued federal funding withdrawals and rising prices of essential daily living, families throughout Harnett County are turning to DUMA to help sustain them and their children from week to week.

It is time again for the annual DUMA Big Thanks Give. Please prayerfully consider how you can help.

This year the needs of the hungry are even greater than last.

Grocery bags for the filling have been placed in the foyer of the church worship center. Filled bags should be returned on **Sunday, November 22** at which time they will be blessed and loaded for transportation to the DUMA Food Pantry. There is an envelope attached to each bag for your convenience in making tax-deductible monetary donations as well. Last year, some participants did both.

In as much as we have been blessed, let us rise to the challenge of blessing others. In so doing, we remember the least of them in the name of the risen Christ. Please contact David Johnson for additional information, 919-669-9535.
